

This book is written for the American worker to read. They are the ones with jobs in factories on the line, middle management positions working in cubicles and laborers of all kinds. They are the ones who spend their whole life trying to support their families and hope to be able to retire someday. This book outlines the different types of pension systems to understand life after retirement. It looks at Social Security, defined benefit retirement plans and contribution retirement plans (401K). It also explains the financial market as it relates to contribution plans. Welfare is reviewed as the alternative to running out of money after retirement. This book looks at the injustice of today's system which takes advantage of workers just to provide greater wealth to companies. Solutions are presented in the last chapter that can work if given a chance by the powers in control of government. Hitting the wall is what happens when you run out of money in retirement and you haven't died yet.

Yoga et Ayurveda Autoguerison et Realisation de soi, Oxygen Inhalation Therapy for the Human Body in Health and Disease: Index and Medical Analysis of New Research Information, Police Officers (Worlds Most Dangerous Jobs), Juice and Smoothie Cookbook: Simple and Delicious Juices and Smoothies for Everyone to Enjoy, The Delicate Balance: Weighing the Choices for a Marriage Made in Heaven: Weighing the Choices for a Marriage Made in Heaven, Engineering Distributed Objects: Second International Workshop, EDO 2000 Davis, CA, USA, November 2-3, 2000 Revised Papers (Lecture Notes in Computer Science), Stolen (The Twin Moons of Andove Book 2), Frame Relay Networks-Signature Edition, Real Time UML: Advances in the UML for Real-Time Systems, 3e,
