

The culture of the faith is changing; The Church in America is in decline; Christianity is on the ropes! Christians are confused about faith and practice. This is not your grandmother's America! In the western world, our once triumphant faith has lost its vitality and its rugged pioneer spirit. We are harried on every side and shrinking in fear that our golden days have gone. True believers retreat behind their castle walls praying "even so, Lord Jesus, come quickly!" Have you ever asked yourself why Christianity spread like wildfire across the globe? Why did people once flock to join the faith? Why among the many charismatic prophets and powerful world religions did this unlikely grass roots movement not only survive but triumph while others faded and fell? And what does the Church need to do to stand strong in these confusing times? That's where this book comes in. In our world of shifting values, you need a strong dose of rock solid Christianity. These are the things that made Christianity mighty!
